Usability:

Although LeFinace Coin is a trading support coin therefore it's usability is dependant on the Trading Bots where LFT will be consumed in lieu of trading fee with an optimistic approach which differentiate us from other trading companies. The users shall need the LFT coins as consumables for enjoying large gains using the trading Bot services. This will intern create a good demand of LFT in public and thus the usability shall increase with time.

DISTRIBUTION:

2 Billion out of 5 Billion is for Crypto Community

The distribution of LFT coins will be held in different phases.

Firstly, 1 Billion LFT coins will be available for public to be bought through ICO. For which you can visit our website. www.lefinace.com
